Lift Off (feat. Shafiq Husayn & Mic Check)

Robert Glasper

Oh yeah
Hello world
Peace and love
I wish you the best
And now for the next
Coming to your mind
Live and direct from the ethos
Now was all in your speakers
Down to your sneakers
Uh, now we prepare for our lift off
We only need two things to direct your cause
Your ears and your soul
I bring to you the Robert Glasper Experiment
Experimentation for meditation
Uh, back to where we were now
I bring to you Rob, Chris, Jerry, Casey, RCDC
Rock onThis is it
This is it
