Let You Down (feat. Icona Pop)

Peking Duk

Baby, don't overestimate me
You've seen the best of me, babe
But you don't know it
Baby, you'll think the less of me, yeah
Well, you see the rest of me now
You just don't know itWhile we're at home getting high in bed
You should be doing some good instead
And I cannot feel responsible for you as well as me
So don't love me
Run away
I only fuck this up
And let you down
So leave now
Oh, don't you follow me
It's too late
I only chew you up and spit you out
So leave now, so leave now
I let you downI let you down
I let you downMaybe, I underestimated how far that we could take this
It just kept goingWhile we're at home getting high in bed
You should be doing some good instead
And I cannot feel responsible for you as well as me
So don't love me
Run away
I only fuck this up
And let you down
So leave now
Oh, don't you follow me
It's too late
I only chew you up and spit you out
So leave now, so leave now
I let you downI let you down
I let you down
I let you down
I let you downSo don't love me
Run away
I only fuck this up
And let you down
So leave now
Oh, don't you follow me
It's too late
I only chew you up and spit you out

So leave now, so leave now
I let you down
