Is This Love (feat. Jordin Sparks)

Alex Gaudino

Is this love?
Is this love?My thoughts keep drifting
I can't keep my mind off you
(Uh yeah)
I stutter when I talk, stumble when I walk
Is this what I should be feeling?
Can't concentrate, can't hardly wait
I wanna know, I wanna knowIs this love what I've been waiting for?
Is this love gonna happen tonight?Don't wanna waste no time if this ain't real
Cause what I'm feeling is amazing
Oh yeah
Voted on a beautiful high
On a high, on a high, on a high
Wrapped up in you, I don't know what to do
I wanna know, wanna know
Is this love really what we're living for?
Is this love gonna happen tonight?
Uh yeah, yeah, yeah
Is this love what I've been waiting for?
Is this love the love of my life?I wanna feel the meaning of love,
A message that's real, sent from above
(Is this love?)
Straight from the heart,
(Is this love?)
As real as the Sun
(Is this love?)
I'm waiting for love to come
(Is this love?)
(Is this love?)
Is this love really what we're living for?
Is this love gonna hap?en tonight?
Uh yeah, yeah, yeah
Is this love what I've been waiting for?
Is this love the love of my life?
