Permanent (feat. J.Hart)

Kygo

[Verse 1]
You just, you made it look easy
It's like you didn't feel it
Not like I do
I followed, I followed the pieces
I tried to receive it
To when it was good[Chorus]
Oh look, I don't wanna feel like somebody
While nothing else ever feels like your body
'Cause we held the world, we were turning it
For a moment there, it was permanent
I drive the streets when you told me your secrets
We made mistakes, but we both we didn't mean it
And we held the world, we were turning it
For a moment there, it was permanent
[Verse 2]
I'll bet, I'll bet you're in Seoul
Dancing in slow-mo
With someone new, oh
I cared, I, I hope you'll never forget it
The night's just too weary
Like all your tattoos[Chorus]
Oh look, I don't wanna feel like somebody
While nothing else ever feels like your body
'Cause we held the world, we were turning it
For a moment there, it was permanent
I drive the streets when you told me your secrets
We made mistakes, but we both we didn't mean it
And we held the world, we were turning it
For a moment there, it was permanent
[Outro]
Permanent
Permanent
Permanent
For a moment there
It was permanent
