Becoming the Dragon

Trivium

Swimming in the river ascending
Free of fear filled with purpose
Nishikigoi fights through oceans adversity
Against the current to obtain the highest goalSwim through oceans of suffering
Climb to the falls of dragon gate
Become!Transform from koi into a beast
Dragon!
A living symbol of courage
No wave will shatter these scales
(shatter the scales)
Dreams of three eagle claws
And the paws of a tiger
Water falls up ahead
One thing left to doSwim through oceans of suffering
Climb to the falls of dragon gate
Become!Transform from koi into a beast
Dragon!
You'll never stop
The becoming, yeah
This dragon will rise and be king
I'm a witness to a great form
Evolution is complete
A breath that turns into clouds producing rain of fire
Watch the world move according to each desire
Swim through oceans of suffering
Swim through oceans of suffering
Climb to the falls of dragon gate
Become!
Transform from koi into a beast
Dragon!
