Glow in the Dark (feat. Kerli)

tyDi

The stars are flickering
The sky is closing in
But I won't let go
No, I won't let goI think I'm blacking out
My ears are ringing loud
But I won't let go
No, I won't let goI wanna' sleep
Stuck in this dream
Staring down til I see nothing
Feel the cold air on my skin
Everything glows
But I will glow in the dark
I don't need you to save me
We will glow in the dark
We can make it, babyI can glow in the dark
No matter what's around me
We will glow in the dark
We'll glow in the darkThe night is falling hard
The shadows rip apart
But I won't let go
No, I won't let goInaudible
And all the light has died
But I won't let go
No, I won't let go
I wanna' sleep
Stuck in this dream
Staring down til I see nothing
Feel the cold air on my skin
Everything glowsBut I will glow in the dark
I don't need you to save me
We will glow in the dark
We can make it, babyI can glow in the dark
No matter what's around me
We will glow in the dark
Glow in the dark
